
Providence Care

Our Vision

Providence Care will lead the way in compassion and discovery.

Our Mission

Trusting in Providence and strengthened by the spirit and tradition of our Founders, the Sisters of Providence of St. Vincent de Paul, we enhance the quality of life by meeting the physical, emotional, social and spiritual needs of each person.

We work with our partners to innovate and excel in education and research.

We treat each person with respect, dignity and compassion.

Our Values

Respect & Dignity ◆ Compassion
Stewardship

Providence Care

Who are we?

- southeastern Ontario's leader for non acute health care, providing inpatient, outpatient and community services;
- a major centre for teaching and research affiliated with Queen's University;
- an organization committed to the legacy of our Founders, the Sisters of Providence of St. Vincent de Paul;
- a not-for-profit organization governed by a volunteer Board of Directors and sponsored by the Catholic Health Corporation of Ontario;
- a multi-site organization with three main sites in Kingston as well as numerous community locations throughout southeastern Ontario.

Adult Treatment and Rehabilitation

- Treatment and rehabilitation for people challenged with a mood disorder (major depression, bipolar disorder, anxiety), schizophrenia and personality disorders.

Complex Continuing Care

- Care for patients with a long-term illness and multiple needs requiring 24 hour nursing care.
- Respite care for patients who are normally cared for at home (providing relief to caregivers).

Forensic Psychiatry

- Assessment, treatment and rehabilitation for psychiatric patients who come into contact with the law.

Geriatric Medicine

- Specialized care for seniors with complex health needs, and expert resources for professionals and caregivers in southeastern Ontario.

Geriatric Psychiatry

- Care and treatment for older people with mental illnesses, behavioural disturbance and cognitive impairment.

Long-Term Care

- Home for frail seniors whose medical conditions are stable, with a specialized dementia care unit and respite care.
- Social/activity opportunities for adults through day programs and support for people living with a disability in the community.

Palliative Care

- Compassionate and comprehensive care for the terminally ill and their families at a time when treatment aimed at cure and prolongation of life is no longer appropriate.

Rehabilitation

- Rehabilitation for people with acquired brain injuries, stroke, musculoskeletal, and spinal cord injuries.
- Services for individuals requiring speech pathology; occupational therapy; physiotherapy; speech language pathology; amputee, vestibular, respiratory, or cardiac rehabilitation; brain injury services; rehabilitation management; accident recovery and injured workers assistance.
