Rehabilitation Management Services

Who are we?

We are a team of professionals offering community based care for individuals with disabilities.

Our services are provided by individuals with expertise in work-related injury and injuries related to motor vehicle accidents, musculoskeletal disorders, neurological disorders including spinal cord injury, acquired brain injury, stroke, traumatic amputations and other conditions. Our services are aimed at facilitating return to work, restoring capacity in activities of daily living, promoting self-management, prevention and independence.

This program also works in partnership with Psychiatrists, Psychiatry, Psychology, Social Work, Physiotherapy, Speech Pathology and Nursing.

We strive to exceed the needs and challenges of clients with a professional, holistic approach.

Based on your objectives we will help you identify which of the services will best meet your needs.
