

Community Treatment Order Program

Referral Criteria: Detailed in the Mental Health Act. Client must have a Community Treatment Order. During the previous three year period, the client must have been a patient in a psychiatric facility on two or more separate occasions or for a cumulative period of 30 days or more. Client must have had a previous community treatment order.

Type of Service: Coordinates and cooperates with hospital and community addictions and mental health services to implement Community Treatment Orders within the Southeast LHIN.
